Farm Credit Administration

Best Leadership Involvement – Medium

Defense Health Agency

Greetings DHA CFC Team,

Please see attached for DoD's weekly CFC report as of 04 DEC and DHA's campaign dashboard as of today for a detailed breakdown.

Overall as an Agency, today we are at \$363,876.18 which is 88.1% of our overall \$413,000 goal and a whopping \$34,410.42 increase from last week!!

Keep up the momentum... please continue to make 100% contact and follow up to assist as needed.

Continue to support and advertise all upcoming CFC fundraisers at each of your respective locations.

Also, please share our progress with your leadership in order to maintain their support during the remaining campaign.

Thank you for all that you do!

Together WE MAKE IT POSSIBLE!

DEFENSE HEALTH AGENCY

MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: 2015 National Capital Area Combined Federal Campaign

Each year, the Department of Defense (DoD) participates in the Combined Federal Campaign (CFC), providing critical assistance for those in need through support to participating charitable organizations. This is the second year that the Defense Health Agency (DHA) will be participating in a DoD team. We are excited for a successful DHA campaign this year with a goal of 100 percent government contact.

The success of the DHA campaign is dependent upon the contributions of key fundraising staff. As the chair for the DHA campaign for 2015, I request your help in establishing this year's campaign team. If you have not already done so, please identify a volunteer from your Directorate/Special Staff Element to serve as your Campaign Coordinator for the 2015 campaign.

Please provide the person's name, phone number, and e-mail address to Chief Hospital Comptroller (HMC) Ruben Palacios and Hospital Comptroller Second Class (HM2) Marina James, the DHA Campaign Manager and Assistant Campaign Manager, respectively, no later than end of day Monday, September 28, 2015.

Campaign Coordinators in each Directorate/Special Staff Element will solicit volunteers to serve as Keyworkers, facilitate keyworker training, ensure proper receipt of supplies, and oversee processing and submission of CFC contributions.

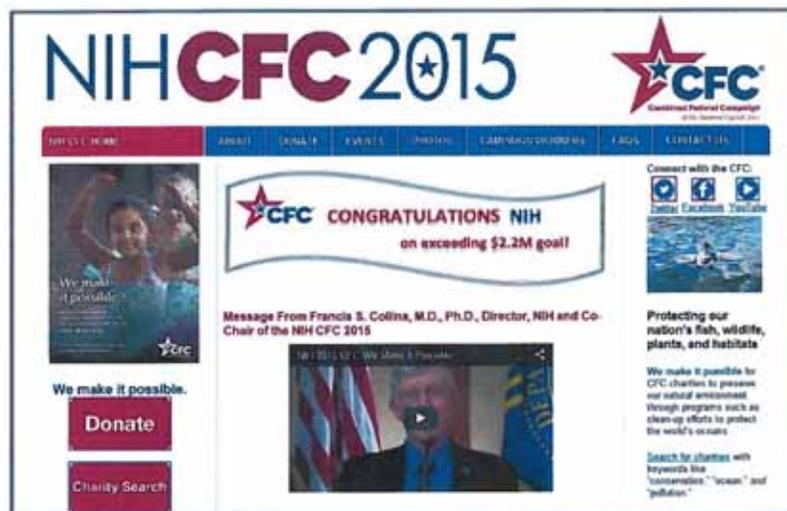

HMC Palacios will host a Campaign Coordinator meeting on September 30, 2015, time and place to be determined. He may be reached at (703) 681-6838, or Ruben.M.Palacios.mil@mail.mil. HM2 Marina James may be reached at (703) 681-6013, or Marina.K.James.mil@mail.mil.

Thank you in advance for your assistance. Together, we can ensure a successful CFC that will help charities at home, throughout the United States, and around the world.

*Douglas J. Reed, DQ, MPH
 Lieutenant General, USAF, MC, CFS
 Director*

Best Leadership Involvement – Large

National Institutes of Health

The screenshot shows the NIH CFC 2015 website. At the top, it says "NIH CFC 2015" with the CFC logo. Below that is a navigation bar with links: HOME, ABOUT, DONATE, EVENTS, PHOTOS, LABORATORY SPONSORS, FAQS, and CONTACT US. The main content area features a large banner that reads "CFC CONGRATULATIONS NIH on exceeding \$2.2M goal!". Below this banner is a message from Francis S. Collins, M.D., Ph.D., Director, NIH and Co-Chair of the NIH CFC 2015. To the right of the message is a video player showing a man speaking. Below the video player is a section titled "Protecting our nation's fish, wildlife, plants, and habitats" with a sub-header "We make it possible for CFC charities to preserve our natural environment through programs such as clean-up efforts to protect the world's oceans." and a "Search for charities with keywords like 'conservation,' 'ocean,' and 'pollution.'" button. On the left side of the page, there is a "We make it possible." logo, a "Donate" button, and a "Charity Search" button.

Message From James F. Battey, Jr., M.D., Ph.D., Director, NIDCD NIH CFC 2015 Co-Chair

On behalf of everyone at the National Institute on Deafness and Other Communication Disorders (NIDCD), I am delighted to welcome you to the 2015 Combined Federal Campaign (CFC) for NIH.

The CFC is the largest workplace giving campaign in the world. HHS contributes more than any federal agency, and the NIH contribution represents the highest percentage within HHS. This year's NIH campaign theme is again "We Make It Possible." With the help of the Combined Federal Campaign (CFC), we have the chance to help those in need.

To: NIH Staff List
Date: Thursday, January 7, 2016
Subject: Message from the NIH Director—Annual CFC a Success!

Dear NIH Family:

Thank you once again for rising to the challenge and giving generously to the 2015 Combined Federal Campaign (CFC). The NIH community exceeded our goal for this year, raising more than \$2.3 million for charities around the world and helping the Department of Health and Human Services to make an outstanding contribution to the CFC. During the last few weeks, thousands of NIH employees pledged to support a wide variety of charities. Those donations will have an important impact within our communities and provide needed services to so many.

Most Innovative Campaign Technique

Goes to the agencies that developed creative and effective ways to engage people in the campaign.
