

Global Health

CFC Cause of the Week: November 26 – December 2

Millions of people around the globe do not have access to basic healthcare, which makes it difficult to combat preventable illnesses.

Here's how your CFC donation can help:

- ✓ \$65 vaccinates to prevent or fight malaria.
- ✓ \$100 buys three first aid-kits, 24 blankets, and 10 surgical scissors used for basic and emergency health care.
